The Strathearn Curriculum at Key Stage 3 aims to give every girl in Years 8-10 a broad, balanced and appropriately challenging education.

In Year 8, pupils study the following subjects:

Art and Design, English (incorporating Drama), French, Geography, History, Home Economics, Information & Communication Technology (ICT), Mathematics, Music, Physical Education, Religious Studies, Science and Technology.

In Years 9 and 10 this is supplemented by German or Spanish.

In the weekly Learning for Life and Work period(s), led by their Form Teacher, the girls investigate a range of themes, including Personal Development, Employability (including Careers Education) and Local and Global Citizenship.

The Curriculum at Key Stage 4 (GCSE) aims to continue this broad, balanced and appropriately challenging educational experience for every girl in Years 11 and 12. We aim to lay a secure foundation for her progression to A Level and so all of the girls study a core set of subjects:

Subjects offered at this stage include:

Additional Mathematics, Art and Design, Biology, Business Studies, Chemistry, Double Award Science, Drama, French, Geography, German, History, Home Economics, Information & Communication Technology (ICT), Music, Physics, Spanish, Technology.

In general pupils will be entered for a total of nine GCSE subjects. The girls continue to investigate further themes in the areas of Personal Development, Employability and Citizenship as part of Learning for Life and Work period led by their Form Teacher.

In our Sixth Form the girls generally choose four subjects for study to AS Level in the Lower Sixth and they continue to study three of these to Advanced Level in their final year at Strathearn. They make their choice from:

CAREERS EDUCATION AND GUIDANCE

Careers Education, Information, Advice and Guidance (CEIAG) is a vital aspect of the educational provision at Strathearn. Formal timetabled careers modules are included in the Learning for Life and Work programme for Years 10 and 12 and as a distinct subject (Careers) for Years 13 and 14. Years 10, 12 and 13 are encouraged to complete personal career plans.

Careers advice and guidance are provided on an individual basis from Year 10 upwards where relevant, or when requested. The School has a full-time Careers Adviser who is available for consultation by the students throughout the school day and by parents and pupils at Parent Consultations. Close links are maintained with the NI Careers Service. Year 10 has a half-day conference on career planning, and all members of Year 13 participate in a formal one-week work experience scheme.

Students in Years 13 and 14 are encouraged to attend relevant Professional and University Open Days and Higher Education Fairs, while Year 14 students also have the opportunity to participate in a formal interview situation.

Outside speakers are regularly invited into the School to talk to pupils in Years 12 and 13 about a range of career opportunities. The large majority of our Sixth Form leavers proceed to Higher Education Institutions in Northern Ireland and Great Britain.

SCHOOL-COMMUNITY LINKS

Once again, our annual Christmas Party was a great success providing a Christmas lunch and entertainment for over forty senior citizens. Our guests come from their own homes within the school's surrounding area and we are indebted to 'Age NI' who assist us in providing transport to and from the venue for our guests.

This year we were delighted to be able to welcome our guests back into our new Assembly Hall with Miskelly deli providing a delicious Christmas lunch. Pupils from the Upper Sixth Charities Committee were the main hostesses for the afternoon ably assisted by junior pupils.

Thanks are due to both staff and pupils involved who work to make this such a successful day. Girls have again donated money to buy gifts for the residents in Strathearn Court.

Links with the World of Work

As part of the Learning for Life and Work programme at Key Stage 3 and 4 pupils are given the opportunity to listen to and interact with a variety of outside agencies from business such as Young Enterprise, voluntary organisations eg, Love for Life and the Simon Community as well as the PSNI. Students also study aspects of entrepreneurship and enterprise as part of the teaching programme. These links are extended at sixth form for example through voluntary work at local primary schools and nursing homes, peer mentor training by Childline and of course through the numerous careers talks, Year 13 work experience and the Year 14 mock interview evening (see Careers Education and Guidance). We are grateful to the many people who give freely of their time and expertise to advise our pupils about the world of work.

Sport

Aims

Strathearn aims to contribute to the physical development of each pupil through the promotion of skill acquisition and competence in a range of physical activities and to contribute to the social education of the individual by providing opportunities for pupils to co-operate with one another.

Additionally, we promote enjoyment through participation and help pupils understand the positive contribution of exercise to personal health and fitness.

Strathearn also encourages its pupils to make active, creative and purposeful use of their leisure time and through a varied inter-school competitive programme, prepare individuals and teams to experience a sense of satisfaction and achievement.

Programme of Study

At Key Stage 3, pupils have a time allocation of 1 hour and 45 minutes.

In Year 8, pupils experience the following activities: gymnastics, dance, hockey, swimming, netball, athletics, tennis, rounders and minor games.

In Year 9, the programme is further developed.

In Year 10, in addition to the activities taught in Year 9, badminton is introduced as well as an introductory unit on health-related fitness.

At Key Stage 4, pupils have a time allocation of 1 hour and 10 minutes.

In Years 11 and 12, pupils engage in a thorough health-related fitness component involving aerobics, use of the fitness suite and fitness awareness. Other selected activities include basketball, volleyball, netball, badminton, rugby, tennis, athletics and rounders.

Physical Education is offered as a GCSE option; where both theoretical and practical aspects of selected physical activities are studied in depth.

Extra-Curricular Programme

A comprehensive extra-curricular programme complements the core activities taught at the key stages. Pupils are provided with the opportunity to participate in the following team and individual activities:

In Years 8-10 ~ hockey, netball, cross-country, tennis, athletics, badminton, gymnastics and dance;

In Years 11-14 ~ hockey, netball, cross-country, tennis, athletics, badminton, gymnastics and dance.

Those pupils who have a keen interest in swimming, horse riding, golf, squash and trampolining are supported by the Physical Education Department and represent the school in competitive events.
