Students taking more than one exam in a session should take these consecutively. At the discretion of the school/college a supervised break may be given between the exams taken consecutively.
- Schools/colleges may start an exam up to 30 minutes before the published starting time without notifying AQA.
- Schools/colleges may delay the starting time of an exam by up to 30 minutes later than the published starting time without notifying AQA.
- For information on any other timetable variations, please refer to the [JCQ Instructions for conducting examinations](#) or contact AQA Exams Office Support.
- Students must remain under supervision until 10.00am for morning exams and 2.30pm for afternoon exams. For exams of less than one hour's duration, students must remain under supervision for a period equal to the duration of the exam after the published starting time shown on the timetable.
- A-level exams are timetabled in common timetabled slots agreed by the JCQ.
- Some components/units require the issue of question papers, stimulus material or other information in advance of the normal timetable period. Schools/colleges should check the specification for information on the material required by students.
- Any reading time specified for an exam is included in the time specified.
- Schools/colleges must arrange practical and oral units according to the procedures indicated. Such units are not shown on the timetable except when a unit is scheduled to be taken during the exam timetable period.
