C*	120	87
C	102	74
D	84	60
E	66	47
F	48	34
G	30	21

Candidates taking the qualification for the first time in Summer 2023 will be graded on their performance across all components with the Standard Grading subject level boundaries applied.

Alternative Grading is only applicable to candidates retaking the qualification having previously been awarded a grade in Summer 2022.

Alternative Grading candidates will be awarded the best grade based on their performance across all components or in the mandatory components G9262 and G9263, whichever is best.

At component level only the judgemental boundaries a, c and f are set.

Linear specification's grade boundaries are set independently in each examination series.

Using this series' grade boundaries to estimate future boundaries must be used with caution as they change.
