# MANAGEMENT CHAIN

The Board of Governors of Strathearn School recognises its legal responsibilities for Health & Safety as an employer and in particular the duties laid down in the Health & Safety at Work (NI) Order 1978 and the Management of Health & Safety at Work (NI) Regulations 2000.

## **Statement of General Policy**

The planning and implementation of the policy is the direct responsibility of the Principal, ensuring that Managers, Teachers and Supervisors at all levels and all staff fulfil their duties to co-operate with it. Arrangements will also be made to bring it to the notice of all staff, including new staff and supply teachers.

The Governors recognise the need to consult staff on health and safety matters; this will be achieved by staff representation on the Governors' Health and Safety Committee.

The Board of Governors will take all reasonable steps to ensure a safe and secure environment for pupils and staff in order to prevent personal injury and health hazards to pupils, staff, contractors and members of the general public who visit the School.

To ensure the above, it is the policy of the Board of Governors to:

- a) Provide and maintain a working environment for staff & pupils that is, so far as is reasonably practicable, safe, without risks to health. This includes providing adequate welfare facilities.
- b) Provide and maintain plant and systems of work that are, so far as is reasonably practicable, safe and without risks to health.
- c) Ensure, as far as is reasonably practicable, the safety and absence of risk to health in connection with the use, handling, storage and transportation of articles and substances.
- d) Provide such information, instruction, training and adequate supervision, as is necessary, to ensure, so far as is reasonably practicable, the health, safety and welfare of staff & pupils.
- e) Ensure, so far as is reasonably practicable, the provision of a safe place of work, with safe access and egress.
- f) Carry out, where applicable, suitable and sufficient assessments of the risks to the health and safety of staff & pupils, and any others who may be affected by School undertakings.
- g) Keep employees/volunteers and pupils safe on educational activities not on the School premises.
- h) Ensure sufficient funds are available to provide as necessary protective clothing/equipment to all staff employed in the School, for the safe use of machinery, equipment and substances.
- i) Maintain a close interest in all health and safety matters insofar as they affect activities in the premises under the control of the School.

It should be noted that the Order places, upon employees, the duty to take reasonable care for the Health and Safety at Work of themselves, as well as of others, who may be affected by their acts or omissions, and to co-operate with their employer, so far as is necessary, to enable any duty or requirement imposed on the employer by any relevant statutory provisions to be performed or complied with. They must not interfere recklessly with or misuse anything that is required by law to be provided for Health and Safety.

The allocation of duties, with regard to Health and Safety, and the particular Arrangements laid down by the School, as employer, to implement the policy, are set out in the following parts of the policy.

The policy will be kept up-to-date. To ensure this, the policy and the way in which it has operated will be reviewed regularly to keep abreast of changing legislation and the Schools requirements.

## Organisation

The Board of Governors recognise the need to identify organisational arrangements in the School for implementing, monitoring and controlling health and safety matters. The Board of Governors will also ensure that the School budget reflects the finance necessary to implement health and safety matters, so far as is reasonably practicable. The individual duties including reporting arrangements and accountability are as follows:

### All Staff

- 1) All staff are responsible and accountable to their Head of Department or Line Manager for the implementation of the School's Health and Safety Policy and Health and Safety Manual in the performance of their duties.
- 2) All staff will be familiar with the School's Health and Safety Policy and Health and Safety Manual.
- 3) All staff will ensure that pupils or persons under their control receive instruction and are provided with on-the-job training to enable them to operate in a safe and efficient manner.
- 4) All staff will report problems, defects and hazards that are brought to their notice to the Facilities Manager, using the agreed procedure.
- 5) All staff will report accidents involving themselves, pupils, parents or members of the public to the Principal, using the agreed procedure.
- 6) All staff will exercise effective supervision of pupils and know emergency procedures in the respect of fire or whole School evacuation.
- 7) All staff will plan and organise journeys and visits in accordance with the School's agreed procedures, including providing appropriate risk assessments. Only those visits which have the prior approval of the Principal shall take place.
- 8) The Vice Principal (Teaching & Learning), in conjunction with the Head of Department, will make supply teachers, student teachers, technicians, extra-curricular staff and persons on work experience etc aware of the School's Health and Safety Policy and of any special arrangements and procedures relating to their work area, before commencing work.

### Health & Safety Representative

- 1) Where a Health & Safety Representative is nominated he/she will be a co-opted member of the Governors' Health and Safety committee.
